For relaxed flights

Superior Ergonomic Design for Long

Wearing & Comfortable Fit

User-Configurable Automatic Source Priority Switching

For Safe Audio Consumption

Next-gen Bluetooth® Connectivity

For Clear Comms & Stereo Music

Auxiliary Input

For Expanded Flexibility Options

Map light LEDs

For easy map reading at night

KEY MESSAGE

The AV100 features class leading hybrid active canceling to cut out cockpit noise on every flight. It comes with full Bluetooth® connectivity that enables phone calls as well as listening to music. The additional AUX Input expands the connectivity options to Non-Bluetooth devices. The selectable audio priority enables the pilot to set his communication options as desired. The integrated map light LEDs are positioned at the end of the ear cups. The AV100 comes with a 6-pin (LEMO) plug and an adapter cable to dual (GA) plugs. A premium carrying case, batteries and a spare microphone windscreen are included in the package.
